Hi all—

I wanted to share with you a plan that I put together for the risk communication portion of the PFAS Action Plan. We will have some contractor support to help with some of these materials, but we will need to work internally with the help of Liz Pucci and our own talents ☺. Please let me know if you have comments on the attached plan (creative ideas are welcomed and encouraged) by **noon on Friday, June 28<sup>th</sup>**.

I'm also attaching the PFAS message maps that we put together. Please feel free to comment on that as well.
